General Secretary to Government,

SIR,

I have the honor to state that the Mohamedan Education Advisory Committee at their meeting held on 29th February and March 1st 1932 have resolved after a lengthy discussion, that at least 6 Mohamedan graduates be recruited in coming years for appointment in High Schools as vacancies occur, the Central Recruitment Board rules being relaxed for the purpose of preferring Mohamedan graduates to candidates belonging to other backward communities. This resolution is the result of a Proposition "that one Muslim assistant master in every High School be appointed" moved by Mr. A. Mohamed Hussain.

The suggestion was made as the Committee felt that there should be a Muslim Assistant Master in as many High Schools as possible. The Department has not been able to meet the wishes of the Mohamedan Community so far for two reasons: for one thing, the number of Mohamedan graduates in the Department has not been sufficiently large even to meet the needs of the Urdu Inspectorate and Middle Schools till very recently. In the second place, assuming that a Mohamedan graduate does apply for an advertised pos in a High School, it may not be possible to select him if there are better qualified graduates from other backward communities.

One reason why we have to have a Muslim graduate in High Schools is

that we have to provide instruction in Translation to and from the Vernaculars and it is not always possible to make a suitable part-time arrangements.

In the circumstances I request that the Government may be pleased to relax the Central Recruitment Board rules as resolved by the Committee provided the graduates available have taken the optional subject required in the case of the place to be filled

I have the honor to be,

Sir,
